EDUCATION

University of California, Irvine

Bachelor of Science in Computer Science

Irvine, CA

September 2014 – June 2018 (expected)

Coursework: Principles in System Design, Principles of Operating Systems, Intro to Computer Organization, Programming with Software Libraries, Object-Oriented Programming, Intro to Software Engineering

SKILLSET

Programming Languages: Python, JavaScript, C++, Java, PHP

Technologies: HTML5, CSS, RESTful API, Express.js, Node.js, Git, Bootstrap, Angular.js, Laravel, MySQL, MongoDB, jQuery, Matlab, Windows, Linux

EXPERIENCE

Software Developer Assistant

University of California, Irvine Division of Continuing Education – Irvine, CA [May 2016 – Present]

- >> Wrote multiple scripts in Python to automate the editing of over 2,000 HTML files.
- >> Designed and deployed REST API and a web application for UCI Open's chemistry courses.
- >> Refactored the database for UCI's OpenChem web application to support more learning materials.
- >> Technologies Used: HTML5, CSS, Angular.js, Bootstrap, MySQL, Laravel

Web Development Intern

The Portal – Irvine, CA [Feb 2016 – May 2016]

- >> Trained and collaborated with a team using agile methodologies to develop web applications.
- >> Used various web technologies from front-end web development to back-end web development.
- >> Technologies Used: HTML5, CSS, JavaScript, jQuery, Node.js, MongoDB

SELECTED PROJECTS

Information & Computer Sciences Student Council Official Web App

- >> Built a web application that showcases all the events hosted by UCI's computer science-related clubs and allows club board members to edit events which are displayed in a mobile application that coordinates with it.

Munchies

- >> Worked in a team to design and create an iOS application that invites college students to dine in homes, order take out and enjoy authentic homemade cuisine.

Check-in System

- >> Worked in a team to develop a web application that functions as a check-in system.
- >> Designed and wrote the front-end to keep the amount of clicks a minimum.

INVOLVEMENT & COMMUNITY

- >> League of Legends Club Member
- >> Association for Computing Machinery Member
- >> Information & Computer Sciences Student Council Chair

AWARDS

- >> July 2016 Information & Computer Sciences BRAID Initiative Scholarship
- >> May 2016 3rd place in Butterworth Product Development Competition
